EXERCISE 9 The Axial Skeleton

Mitosis and Meiosis Introduction There are two types of nuclear division, mitosis and meiosis. Mitosis is usually used for the growth and replacement of somatic cells, while meiosis produces the gametes or spores used in an organism's reproduction. Mitosis is the first of these studied in this lab. It is easily observed in ... Continue reading "Lab 3 Sample Ap Mitosis & Meiosis"

I am having trouble with my college schedule, I need to take bio 168 but I'm not available to take it during the times it's offered and there is no way around it. They do offer an online class, but I'm skeptical to take it because I've heard that it is extremely difficult online from several people including the school staff. I am wondering if anyone has taken it online and how hard it was ...
