Self-Assessment Questionnaire on CSR/ Sustainability for ...

Self-awareness is the capacity for introspection and the ability to recognize oneself as an individual separate from the environment and other individuals. It is not to be confused with consciousness in the sense of qualia. While consciousness is being aware of one's environment and body and lifestyle, self-awareness is the recognition of that awareness.

Self-awareness - Wikipedia

The Teacher Assessment in Primary Science (TAPS) project is based at Bath Spa University and funded by the Primary Science Teaching Trust (PSTT). TAPS aims to develop support for a valid, reliable and manageable system of primary school science assessment which will have a positive impact on children's learning.
