On the psychological path, The Farther Reaches of Human Nature significantly influenced me. Maslow wondered why we study what we don't want, sickness, and instead studied what we do want, health. Maslow's Hierarchy of Needs and his teachings on self-actualization explain man's expansive nature and our genuine interest in expanding our level of consciousness and becoming fully human.

Exploring the Farther Reaches of Human Nature. Transpersonal psychology is one of the lesser known fields in psychology. It began in the late 1960s, as an attempt to establish a “fourth force” in psychology, following the psychodynamic, behaviourist and humanistic approaches. To a large extent, it was an outgrowth of humanistic psychology—in fact,...
