As Renaissance Rome became a centre of art, science, and politics, its religious role declined; thus began the steps that provoked the Protestant Reformation of the 16th century. Small wonder that these Renaissance popes, most of whom were more involved in political and financial alliances than in pastoral work, proved unable to respond effectively to the crisis.

## **Why is the renaissance considered a turning point in world ...**

The Protestant Reformation: One of the key trends that prepared the way for the Protestant Reformation in the 16th century was the growth of popular piety. Unsanctioned by the church, this movement had its roots in the preoccupation of the medieval papacy with power politics, which hindered clergy from focusing on the spiritual needs of the people.
