CEN ISO/TS 11133-1:2009 - standard.no
ISO 11133:2014(E) Foreword ISO (the International Organization for Standardization) is a worldwide federation of national standards bodies (ISO member bodies). The work of preparing International Standards is normally carried out through ISO technical committees. Each member body interested in a subject for which a technical

ISO - ISO/TS 11133-1:2000 - Microbiology of food and ...
EN ISO 11133:2014 takes account of this development by stipulating requirements — not only for laboratories that prepare their media in-house, but also for manufacturers. With a clear line drawn between the quality assurance responsibilities of users and suppliers, lab managers can now reliably assess which duties and responsibilities no longer apply when they decide to procure culture media.
